Publication of NJCHC’s *New Jersey Catholicism: A Public History Reader*
Edited by Carl Ganz

To honor the 350th anniversary of the founding of the State of New Jersey, the NJCHC is publishing a series of essays on the topic of the history of the Catholic Church in the state. This is the first of a multi-volume series to commemorate the anniversary. Future titles will include the *New Jersey Catholicism Bibliography & Internet Guide*, *The Bishops of New Jersey*, and the *New Jersey Catholic Reference Guide*.

Last spring, we put out a call for papers for the first volume entitled *New Jersey Catholicism: A Public History Reader*. We’ve received topic proposals from amateur and professional historians alike. The essays are diverse, covering such topics as the financial contribution from the Diocese of New Jersey to the Catholic University of Ireland, the ecclesiastical trial of Dean William McNulty, and even a cultural history of clothing in American Catholicism. Currently, some authors are still putting the finishing touches on their papers while others are actively in academic review. The book will be available for purchase through the NJCHC or via Amazon.com.
