Keyword Searching

Search for your keywords (agency, topic or indicator) with a combination of these terms: data, dataset, statistics, indicators, portal, digital archive, digital repository, digital library, data visualization, research guide, data catalog

ICPSR

The Inter-University Consortium for Political and Social Research (ICPSR) is an organization (run out of the University of Michigan) with member institutions working together to acquire and preserve social science data, to provide open and equitable access to these data, and to promote effective data use. Seton Hall is currently a member and we hope you use this
